Claim Objections

Claim 17 is objected to because of the following informalities: In claim 17 line 1, it appears that "a" should be inserted before "latch". Appropriate correction is required.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-23 are rejected under 35 U.S.C. 102(b) as being anticipated by Kirwan (5,291,954).

Kirwan discloses a forwardly folding toolbar comprising a tongue, a center section, outer wing sections, inner wing sections, with a distance between the outer end of the outer wing section and the inner end of the inner wing section greater than a distance between the inner end of the outer wing section and the inner end of the inner wing section. Concerning the method claims, given the structure of Kirwan, the claimed method steps would inherently be performed while the device of Kirwan was assembled and operated. Concerning the claimed actuators, figure 8 discloses the use of actuators

for raising the pivot points relative to the ground engaging wheels. Concerning the claimed latch, transport securement bar 118 is considered a latch.

Response to Arguments

Applicant's arguments have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
